New Year Accident Kills 2, Injures 4 On Rt. 173 Near 41

Rescue Squad Gives Aid To Injured, Arriving at Scene Early

The Antioch Rescue squad gave aid to four persons injured in a four-car collision in which two persons were killed early New Year's Day on Rt. 173 west of Rt. 41.

Killed instantly in the early morning crash were Miss Elaine Knutson, 22, of 214 Fulton, Winthrop Harbor, and Vincent Aravitch, 28, a sailor assigned to Great Lakes Naval Training Center.

Injured were: Walter Johnson, 31, Great Lakes, a compound fracture of the left leg, and Norman Denn, also Great Lakes, lacerations of the face, possible fracture of the right hip, and possible internal injuries. They were taken to the naval hospital by the Antioch first aid men in the new squad truck.

Others injured were Robert Smith, 22, Winthrop Harbor, bruises on the left leg; and Sharon Gillespie, 17, of 809 Belvidere st., Waukegan, both of whom were treated at the scene.

Miss Knutson was a passenger in a car driven west on Rt. 173 by Robert Smith, who attempted to turn left into a driveway a short distance west of Rt. 41 and collided with an east bound car driven by Denn. Aravitch was a passenger in Denn's car.

The car of the navy men hit the Smith car broadside, hurling it 15 feet into an unoccupied car parked on the shoulder of highway by Donald Ruhl, Edwards rd. near Antioch. Denn's car then swerved from the impact to the north side of Rt. 173 into the path of an oncoming car driven by Darlene Sampica, 1012 Landon ave., Winthrop Harbor.

Miss Sampica and the occupants of her car were unhurt. The deaths of Miss Knutson and Aravitch were the first in Lake county this year.

One of the Antioch Rescue squad trucks was on its way back from a trip to Kenosha when it came upon the accident a few minutes after it happened. Other members of the squad took a second truck out from the village.

Salem Central to Host At Regional Contest Together With Beloit

Salem Central High school at Pad-dock Lake has been chosen as a site for one of Wisconsin's state regional basketball tournaments in Feb.

Serving as hosts in the sectional tournaments the last two years, Salem Central will cooperate in a regional meet with Beloit. Winner of these two regionals will advance to the sectional at Janesville.

Tournament dates this year are: Sub-district contests, Feb. 18-23; District, Feb. 25-March 2; Regional, Feb. 25-March 2; and state, (Madison), March 14-16.

Sectional tournaments will be held at Boscobel, Eau Claire, Janesville, Neenah, Rice Lake, Stevens Point, Whitefish Bay and Wisconsin Dells.

The 19 regional tournament assignments are Ashland-Park Falls, Beloit-Salem, Bloomer-Ladysmith Durand-Neillsville, Fennimore-Richland Center, Frederic-Hudson, Green Bay West-Preble, Hartford-Oconomowoc, La Crosse Central-Tomah, Menasha-Kimberly, Middleton-Reedsburg, Oconto-Shawano, Racine-Washington Park-Mukwonago, Schofield-Medford, Sheboygan Central-New Holstein, Shorewood-Milwaukee Custer, Stoughton-Fort Atkinson, Waupun-Madison East and West Allis-Hale-Wauwatosa.

The first school listed in regional pairs will be the site of the finals. The finals of the Beloit-Salem meet will be played at Beloit.

District tournaments are assigned to Centuria, De Forest, Denmark, Galesville, Gilmanston, Hortonville, Mellen, Monticello, Owen, Three Lakes, Wautoma, Weston and White-water college.

Squads to Attend Game
Varsity and sophomore basketball team members of the high school will attend the Marquette-Loyola basketball game at Milwaukee on Saturday night. There will be about 30 students on the trip to be made by bus.

C. of C. Meeting Later
The monthly meeting of the Antioch Chamber of Commerce will be held Monday, Jan. 14 instead of Jan. 7 at Smart's Country House.

Mrs. G. W. Jensen was called to Toronto, Canada, due to the death of her aunt, Mrs. Harriet Allen, who passed away Christmas day. Mrs. Jensen returned home Sunday.

Terms of 7 Antioch Village Officials End, Filing Date Next Wk.

The fact that starting next week Antioch citizens can aspire for village office by obtaining, filling and filing petitions hasn't caused a ripple of interest as yet.

Expiring this year are the terms of President James McMillen; trustees John M. Blackman, Arthur M. Hawkins, and E. E. Glenn; Clerk Clarence B. Shultis; Treasurer Martha Hunter; and Police Magistrate E. E. Brook.

Edmund F. Vos, George Garland, and Murrill Cunningham are the hold-over trustees.

Mayor McMillen says anybody can have his job if he wants it, but the members of the board insist they are going to keep him right where he is.

It is probable that the names of all now ending their terms of office will be found on the ticket this spring.

Sewage or Pure Water? Which Flows from the North Ave. Village Tile

Drain into Patrovsky Land Plugged as Polluting Proposed Lagoon

The village board in its delayed meeting last evening discussed a drainage problem that has been brought to its attention from the north part of Antioch.

Joseph Patrovsky, Sr., is said to be constructing a lagoon in his low land north of his packing house and has found that one of two tiles draining into it is carrying sewage. The other is carrying pure surface water.

The property owner is said to have plugged the tile exuding the sewage and if his report on the contents from that tile is true, and he has witnesses, some nearby property owner is likely to have sewage trouble before long.

Village trustees believe the tile drain was constructed with the aid of the township and extended to the Patrovsky slough, carries only surface water and that its drain is not at fault.

Patrovsky is said to welcome the surface water to fill his lagoon, but he doesn't want it polluted with sewage. The village main was meant to carry away surface water from properties near North ave. west of Main st. Whether any property owner has hooked on with his sanitary sewer is not known.

During the discussion the matter of annexation of land to square off the village boundaries was brought up but no action taken.

The report of Street Supt. Emil Ehner showed that on six days during the past month he placed cinders on the streets to reduce driving hazard. He said the new spreader is speeding the work.

The report of C. P. Maplethorpe, water superintendent, shows the water pumpage in December was 5,770,000 gallons, and the sewage treatment was approximately 5,000,000 gallons.

His department with the aid of the street department moved fire hydrants on North ave. to comply with the county highway department request.

Antioch Firemen Hold New Year's Eve Party

More than one hundred Antioch firemen and their guests attended the annual Firemen's New Year's eve dance and party held at the Fire Department and Rescue Squad building Monday evening. The usual good lunch was served and dancing was enjoyed during the evening.

It was a Busy Eve
The Antioch Rescue squad planned an enjoyable New Year's eve at the Firemen's dance. There had been few calls in the past week and none was anticipated.

Then things began to happen. A call to Rock Lake rd. where there had been an accident was a dud in that there was no one in the wrecked car to give aid to.

Next came a call to take a heart victim to a Kenosha hospital, and the Squad was on its way back from it when it came onto the accident on Rt. 173 in which two persons were killed and two others injured.

The party just had to wait.

Accident Victim Absent
The Antioch Rescue squad was called on New Year's eve to Rock Lake where the men found an overturned automobile, but it was deserted. Carpenter tools were in the car, but there was no other means of identification besides the Wisconsin license plates. There were three separate calls for the same accident, but only one answered.

Antioch Beats Warren To Win Third Place Trophy in Tournament

Huml Sets Scoring Records; Lake Forest, First, and McHenry Second

The Antioch Sequoits won a third place trophy Saturday at the Grant invitational basketball tournament, by defeating Warren in the consolation final 67-55.

Earlier in the tournament the Sequoits lost to North Chicago 64-77 and then in the consolation runoff defeated Wauconda 60-45.

Lake Forest under the power of Thomas Wells, defeated McHenry in the final 63-60.

Jerry Huml, Antioch forward, broke two tournament records. His first was that of the highest scorer, in any single game, making 31 against North Chicago, and second, making the greatest number of field goals in any single game, making 13 of 18 tries in that same game.

Huml was second in total scoring for the tournament, making 69 points. Alden Rudin of Warren topped him with 75 points.

Suffering from flu, Wayne Herbst was not up to his usual game, and Hanke sprained his already injured ankle in the game against North Chicago which further reduced the Sequoit scoring power. He recovered and was more effective in the games that followed.

Sophomores in Game
Coach Larry Leor brought up LeRoy Gallegher and Dick Behrens, sophomores for the consolation games and they did a good job in rebounding. In one game Huml was the only senior in the lineup, two others being juniors and two sophomores.

Leon says that the sophomores were used mainly for experience and will not be in the starting lineup when conference play is resumed. The game here with Grant on Jan. 11, and the game the night following at Warren are expected to be tough ones.

"The tournament was quite beneficial since the season is still young although we have 11 games behind us," said Leon.

So far the Sequoits have won 7 and lost 4 games.

Lake Forest Beats Grant
Lake Forest's 64-61 victory over Grant, and her 72-67 victory over North Chicago were the highlights of the tournament and real upsets. Responsible for these was Tommy Wells, a 5-foot 7-in. forward, whose ability to hit the basket and get rebounds was phenomenal.

Wells, a varsity player for Lake Forest last year, has been out of play because of injuries received in an automobile accident. He returned to play in the North Chicago game and in that and the final game he was the deciding factor. Wells fouled out late in the fourth quarter of the final game with McHenry, but his teammates carried on.

The tournament scores were as follows:
Grant 81, Warren 63; McHenry (continued on page 5)

Elliott's to Open New Restaurant on Rt. 173 Known as Chuck Wagon

Under the name of Elliott's Chuck Wagon Mrs. May Elliott Carson and son, Russell Elliott will open a new restaurant Saturday in their brick building on the south side of Rt. 173 a half mile west of Rt. 59. Until Oct. 24 they operated another restaurant under the name of Elliott's Grill at the Rtes. 173-59 intersection.

Secretly, the two owners admit that it will be the fine cooking of Mrs. Carson's mother, Mrs. Ann Witt that will draw those desiring good food to their new establishment. They operated the grill successfully for 6½ years but say the new building with more space for the tables and counter will be more attractive.

Carrying out the theme of the new name of the restaurant, the Elliotts will have a chuck wagon engraved above the fireplace.

Besides the good food, there will be favors to attract the public to the opening Saturday.

Bids Sought on New Building for L. Villa Post Office Quarters

The United States Postal Department is seeking bids on 1,500 square feet of floor space to be used as post office quarters at Lake Villa. The present building is too small for the expanding postal business due to the subdivisions surrounding Lake Villa.

Interested persons owning property in the business district or adjacent thereto are asked to contact T. H. Barkow, New Post Office, Rm. 6; 6 Canal and Van Buren sts., Chicago for details.

February 16 is the deadline for offering of bids.

1956 Year of Drouth But Rainfall at Right Time Saved All Crops

Antioch had a total of 24.49 inches of precipitation during 1956 which was far short of the average.

The amount was even less than last year when 27.81 inches of moisture fell either in rain or snow.

There was one thing opportune about 1956 weather, however, and that was the rains came just at the right time.

The rainfall for April was 4.73 inches which was just right for spring crops. Then in July when the heat usually takes up what little moisture there is, the heavens let down 5.06 inches and in August 4.42 inches, which took care of the pastures. The rain came down slowly and did not at any time damage the crops ready to be harvested.

Other months saw lesser amounts as follows: January .29; February 1.35; March 1.44; May 2.25; June 2.23; Sept. .26; October .23; and December .74.

The lack of much snowfall during the past month made traveling fairly easy. The total snowfall for the month was 5½ inches which meant a small amount of highway maintenance.

The coldest for December, according to Cooperative Observer Roy Kufalk was zero on Dec. 13, and the warmest 60 on the fifth.

So far this month the coldest was 1 above zero on Jan. 2.

High School Board To Hear Reports and Study Revised Budget

A progress report on the plan for a school survey will be made by Principal A. L. Dittman at a meeting of the Board of Education next Wednesday evening.

The report follows a conference with Dr. Jack Childress, education expert, on the plan. The agenda calls for a report on the development of the 22-acre site east of the Soo Line tracks as a place for girls' and boys' recreation grounds.

The work on the boys' shower room drainage by Laursen and Blackman has been completed.

Arrangements have been completed for visiting teachers to instruct the home care of Una Mae Stoval, high school student, who is recovering from injuries received in an accident last July 4.

The Teacher Welfare Committee has held one meeting in discussion of the 1957-58 diary program and a report will be made on it. The committee has scheduled another meeting for Jan. 16.

The Board at this time will study the school budget for 1956-57 with the thought of revising it for the rest of the year.

John Wesley Covenant To Be Used Sunday at First Methodist Church

The John Wesley Covenant service including communion will be used for both the 9:30 and 11 a.m. services Sunday at the Antioch Methodist church.

The service will afford a period of thanks for the mercies of the past year and a renewal of covenant for the year to come, the Rev. Howard Benson explained.

The pastor will lead group discussions on membership in the church as follows: Adults, 7:15 p.m. Jan. 10; high school, 7 p.m. Jan. 9; and seventh and eighth grade confirmation classes at 3 p.m. Saturday.

The Women's Society of Christian Service will meet at 1 p.m. Wed. A panel of high school students will discuss "What Youth Expects of the Community, Home and Church." Other students will present a musical program.

The Evening Circle will meet Thursday, Jan. 10 at the home of Mrs. Howard Benson, 586 Parkway to discuss the motion picture "The Sound Of A Stone."

Grass Lake Ballots Printed
Ballots have been printed for the Grass Lake Grade School election on Jan. 12. There are two proposals, one, to build an addition to the present building and another to issue \$76,000 to pay for it. The bonds are for a term of 10 years and are to bear interest not to exceed 4½ per cent.

Carney Again to Hospital
For the second time in a week Leo Carney of State Line rd., Kenosha County, was taken to Kenosha, Wis. Monday evening after having been given oxygen for heart attack.

Change Meeting Date
The Antioch Grade School Band Parents Assn. will hold its monthly meeting at 8 p.m. Tuesday, Jan. 15 in the school cafeteria. The meeting previously was scheduled for Jan. 9.

Salem Township Calls Meeting on Police Need

Salem, Wis.—A townwide meeting will be held at 8 p.m. January 17 at Salem Central High school to set up police protection.

One proposal would create a Salem Township police chief who would set up a deputy system and the other would ask the county sheriff to increase its squad car patrols in the area.

The petition originated at Pad-dock Lake where petty thievery, teen-age noise making and reckless driving occurred.

Telephone Co. Buys Property at Hillside, Lake for Plant Site

Date for Change to Dial System Not Decided Company Says

Illinois Bell Telephone Company has purchased, through a nominee, property at the northeast corner of Hillside and Lake streets in Antioch.

Manager I. R. Andrews said that the property will become the eventual site of a telephone building here. The land was purchased from Mr. and Mrs. William Dow and Mrs. Lillian G. Ackerman, and negotiated through Loren D. Sexauer, Antioch realtor.

"We can't tell just when the building can be started and the change to dial take place," Andrews said, "but is good business to buy—when the opportunity arises—a building site which is centrally located near the hub of Antioch's telephone cable network."

The property has a frontage of approximately 226 feet on Lake street, and 238 feet on Hillside.

The Dows will continue to live in their present house as renters from the telephone company.

A. A. Vose Announces Dist. P. M. A. to Meet At Wauconda Feb. 6

Avery A. Vose, Edwards rd., director of the Pure Milk Association for District 7, announced yesterday that the annual district meeting will be held February 6 at the Federated Church hall in Wauconda.

Lake County Local has taken no action, but McHenry Local has passed a resolution which will be presented to the meeting calling for major changes in the price structure of the Chicago area.

Chairman Albert Pearson, who will represent the McHenry County group, will seek a change in the present rate so that the inner zone is increased from 70 to 100 miles and the rate differential be increased from 2 cents each 15 miles to a much higher rate.

Pearson maintains that the Chicago milk shed in which McHenry and Lake counties are situated has the lowest price for milk of any district in the country. He said the present zoning differential was established 20 years ago and since has been outmoded by changes in transportation methods.

Burglars Discard T.V. After Looting Home

Bristol, Wis.—Burglars who broke into the Busse home on Rt. 1, Wilmot road east of Rt. 45 found they couldn't get the T. V. set into their automobile and left it in the driveway.

Missing, however, are two men's wrist watches, an electric razor, a typewriter, and a pocket watch.

The burglary took place on New Year's eve.

Antioch Now Owns Ackerman Property as a Public Parking Lot

Papers were signed today giving Antioch possession of the Mrs. Charles N. Ackerman property on Broadway which was purchased for \$35,000.00 for use as a public parking lot.

Property which also has an outlet on Orchard Street has been used as a public parking lot for several months under an option agreement.

Mayor James McMillen said no change in the property will be made at present, except to remove a few trees to enlarge the space for parking but in four or five years the space will be blacktopped.

The lot will be made available to organizations for use as carnival grounds.

Arthur Laursen, underwent surgery at the Burlington hospital Wed. His condition is improving.

School Referendum Set for February 2; Bond Issue \$394,000

Nine Rooms of New Building at Oakland Site to Be Done in 1957

Antioch's Grade School District will vote on its \$394,000 bond referendum Saturday, Feb. 2.

This is the earliest date on which voting can legally take place, and was chosen in hope that the voters will approve the proposal by the Board of Education and that construction of the new 17-room building at Deep Lake and Loon Lake rds. can be completed in part for occupancy next September.

Voting will be from noon to 7 p.m. at the school building. Plans call for completion of nine rooms under contracts at this time, and completion of the remaining eight rooms as they are needed, and under general revenues which would make no new bond issue necessary.

Use of new classrooms next fall would relieve the school system of the use at present of the Scout House for Kindergarten classes, Oakland one-room school which is at the site of the proposed new building, and the ancient building at Main and Depot sts.

Preliminary sketches of the building are being made by Architect Gilbert A. Johnson of Rockford.

The building under consideration would have general classrooms for each grade; an all-purpose room which could be used as a cafeteria and for athletics, but not as a gymnasium; offices, health, and teacher rooms.

Antioch Area Benefits From Milk Price War; Price Lowest in Years

Antioch has been able to buy milk at the lowest price in years as the result of a price war.

The war started more than two weeks ago when the Willowdale Dairy reduced the retail price at its vending machines from 35 cent to 30 cents, the half gallon.

A short time later, Max Lerner, Waukegan, dropped the price at his vending machine at the Shell Service station from 35 cents to 25 cents.

Three days later, the Atlantic and Pacific Tea Co., surrounded by vending machines, dropped the price of Bowman milk, which it handles, to 25 cents a half gallon.

A. W. Shostak, manager of the Willowdale Co., plant, said that his company reduced the price of milk because of the fact that the hauling charge in Antioch is negligible, and the advantage is passed on to the customer. He said that the cost, however, is 28½ cents a gallon and that any firm selling for 25 cents a half gallon is losing money.

Elsewhere throughout Lake county milk is priced at from 35 cents to 50 cents the half gallon.

In the meantime, Antioch area citizens are benefiting by the low price.

No reduction has been made on cream and chocolate mixtures.

Bulletin
The Dean Milk Co. dropped the price on half gallons of milk to 20 cents.

Dean milk is handled by the Antioch Packing House, I-G-A, and others in Antioch.

Chicago Taxicab Driver Wants Antioch License

The request of Nick Baldane of Warriner Subdivision for a taxi-cab license, sent the village trustees to the records to ascertain whether one could be issued or not. They found that any number could be issued. Only one cab is now licensed.

The village attorney, E. C. Jacobs will study the law, and Baldane will be given an answer at the new meeting.

Jacobs believes the ordinance should be amended to make posted prices mandatory.

Baldane has been a taxicab driver in Chicago for 6½ years, but now he lives in Antioch and he wants to work nearer home.

Truck Rolls Into New Car
Contractor John M. Blackman thought someone had stolen his truck which was parked in front of the Carey Electric shop on Main st. until he looked north and discovered that it had rolled down hill and crashed into the rear of a new 1957 Oldsmobile of the Drie Chevrolet Sales Co. Damage wasn't too great Blackman said he left the truck in gear and how it got free is a mystery.

New Year Accident Kills 2, Injures 4 On Rt. 173 Near 41

Rescue Squad Gives Aid To Injured, Arriving at Scene Early

The Antioch Rescue squad gave aid to four persons injured in a four-car collision in which two persons were killed early New Year's Day on Rt. 173 west of Rt. 41.

Killed instantly in the early morning crash were Miss Elaine Knutson, 22, of 214 Fulton, Winthrop Harbor, and Vincent Aravitch, 28, a sailor assigned to Great Lakes Naval Training Center.

Injured were: Walter Johnson, 31, Great Lakes, a compound fracture of the left leg, and No. man Denn, also Great Lakes, lacerations of the face, possible fracture of the right hip, and possible internal injuries. They were taken to the naval hospital by the Antioch first aid men in the new squad truck.

Others injured were Robert Smith, 22, Winthrop Harbor, bruises on the left leg; and Sharon Gillespie, 17, of 809 Belvidere st., Waukegan, both of whom were treated at the scene.

Miss Knutson was a passenger in a car driven west on Rt. 173 by Robert Smith, who attempted to turn left into a driveway a short distance west of Rt. 41 and collided with an east bound car driven by Denn. Aravitch was a passenger in Denn's car.

The car of the navy men hit the Smith car broadside, hurling it 15 feet into an unoccupied car parked on the shoulder of highway by Donald Ruhl, Edwards rd. near Antioch. Denn's car then swerved from the impact to the north side of Rt. 173 into the path of an oncoming car driven by Darlene Sampica, 1012 Landon ave., Winthrop Harbor.

Miss Sampica and the occupants of her car were unhurt.

The deaths of Miss Knutson and Aravitch were the first in Lake county this year.

One of the Antioch Rescue squad trucks was on its way back from a trip to Kenosha when it came upon the accident a few minutes after it happened. Other members of the squad took a second truck out from the village.

Salem Central to Host At Regional Contest Together With Beloit

Salem Central High school at Pad-dock Lake has been chosen as a site for one of Wisconsin's state regional basketball tournaments in Feb.

Serving as hosts in the sectional tournaments the last two years, Salem Central will cooperate in a regional meet with Beloit. Winner of these two regionals will advance to the sectional at Janesville.

Tournament dates this year are: Sub-district contests, Feb. 18-23; District, Feb. 25-March 2; Regional, Feb. 25-March 2; and state, (Madison), March 14-16.

Sectional tournaments will be held at Boscobel, Eau Claire, Janesville, Neenah, Rice Lake, Stevens Point, Whitefish Bay and Wisconsin Dells.

The 19 regional tournament assignments are Ashland-Park Falls, Beloit - Salem, Bloomer - Ladysmith Durand-Neillsville, Fennimore-Richland Center, Frederic-Hudson, Green Bay West-Preble, Hartford-Oconomowoc, La Crosse Central/Tomah, Menasha - Kimberly, Middleton-Reedsburg, Oconto-Shawano, Racine Washington Park-Mukwonago, Schofield-Medford, Sheboygan Central-New Holstein, Shorewood-Milwaukee Custer, Stoughton-Fort Atkinson, Waupun-Madison East and West Allis Hale-Wauwatosa.

The first school listed in regional pairs will be the site of the finals. The finals of the Beloit-Salem meet will be played at Beloit.

District tournaments are assigned to Centuria, De Forest, Denmark, Galesville, Gilmanton, Hortonville, Mellen, Monticello, Owen, Three Lakes, Wautoma, Weston and White-water college.

Squads to Attend Game
Varsity and sophomore basketball team members of the high school will attend the Marquette-Loyola basketball game at Milwaukee on Saturday night. There will be about 30 students on the trip to be made by bus.

C. of C. Meeting Later
The monthly meeting of the Antioch Chamber of Commerce will be held Monday, Jan. 14 instead of Jan. 7 at Smart's Country House.

Mrs. G. W. Jensen was called to Toronto, Canada, due to the death of her aunt, Mrs. Harriet Allen, who passed away Christmas day. Mrs. Jensen returned home Sunday.

Terms of 7 Antioch Village Officials End, Filing Date Next Wk.

The fact that starting next week Antioch citizens can aspire for village office by obtaining, filling and filing petitions hasn't caused a ripple of interest as yet.

Expiring this year are the terms of President James McMillen; trustees John M. Blackman, Arthur M. Hawkins, and E. E. Glenn; Clerk Clarence B. Shultis; Treasurer Martha Hunter; and Police Magistrate E. E. Brook.

Edmund F. Vos, George Garland, and Murrill Cunningham are the hold-over trustees.

Mayor McMillen says anybody can have his job if he wants it, but the members of the board insist they are going to keep him right where he is.

It is probable that the names of all now ending their terms of office will be found on the ticket this spring.

Sewage or Pure Water? Which Flows from the North Ave. Village Tile

Drain into Patrovsky Land Plugged as Polluting Proposed Lagoon

The village board in its delayed meeting last evening discussed a drainage problem that has been brought to its attention from the north part of Antioch.

Joseph Patrovsky, Sr., is said to be constructing a lagoon in his low land north of his packing house and has found that one of two tiles draining into it is carrying sewage. The other is carrying pure surface water.

The property owner is said to have plugged the tile exuding the sewage and if his report on the contents from that tile is true, and he has witnesses, some nearby property owner is likely to have sewage trouble before long.

Village trustees believe the tile drain was constructed with the aid of the township and extended to the Patrovsky slough, carries only surface water and that its drain is not at fault.

Patrovsky is said to welcome the surface water to fill his lagoon, but he doesn't want it polluted with sewage. The village main was meant to carry away surface water from properties near North ave. west of Main st. Whether any property owner has hooked on with his sanitary sewer is not known.

During the discussion the matter of annexation of land to square off the village boundaries was brought up but no action taken.

The report of Street Supt. Emil Ehner showed that on six days during the past month he placed cinders on the streets to reduce driving hazard. He said the new spreader is speeding the work.

The report of C. P. Mapleshorpe, water superintendent, shows the water pumpage in December was 5,770,000 gallons, and the sewage treatment was approximately 5,000,000 gallons.

His department, with the aid of the street department moved fire hydrants on North ave. to comply with the county highway department request.

Antioch Firemen Hold New Year's Eve Party

More than one hundred Antioch firemen and their guests attended the annual Firemen's New Year's eve dance and party held at the Fire Department and Rescue Squad building Monday evening. The usual good lunch was served and dancing was enjoyed during the evening.

It was a Busy Eve
The Antioch Rescue squad planned an enjoyable New Year's eve at the Firemen's dance. There had been few calls in the past week and none was anticipated.

Then things began to happen. A call to Rock Lake rd. where there had been an accident was a dud in that there was no one in the wrecked car to give aid to.

Next came a call to take a heart victim to a Kenosha hospital, and the Squad was on its way back from it when it came onto the accident on Rt. 173 in which two persons were killed and two others injured.

The party just had to wait.

Accident Victim Absent

The Antioch Rescue squad was called on New Year's eve to Rock Lake where the men found an overturned automobile, but it was deserted. Carpenter tools were in the car, but there was no other means of identification besides the Wis. license plates. There were three separate calls for the same accident, but only one answered.

Antioch Beats Warren To Win Third Place Trophy in Tournament

Huml Sets Scoring Records; Lake Forest, First, and McHenry Second

The Antioch Sequoits won a third place trophy Saturday at the Grant invitational basketball tournament, by defeating Warren in the consolation final 67-55.

Earlier in the tournament the Sequoits lost to North Chicago 64-77 and then in the consolation runoff defeated Wauconda 60-45.

Lake Forest, under the power of Thomas Wells, defeated McHenry in the final 63-60.

Jerry Huml, Antioch forward, broke two tournament records. His first was that of the highest scorer, in any single game, making 31 against North Chicago, and second, making the greatest number of field goals in any single game, making 13 of 18 tries in that same game.

Huml was second in total scoring for the tournament, making 69 points. Alden Rudin of Warren topped him with 75 points.

Suffering from flu, Wayne Herbst was not up to his usual game, and Hanke sprained his already injured ankle in the game against North Chicago which further reduced the Sequoit scoring power. He recovered and was more effective in the games that followed.

Sophomores in Game

Coach Larry Leon brought up LeRoy Gallagher and Dick Behrens, sophomores for the consolation games and they did a good job in rebounding. In one game Huml was the only senior in the lineup, two others being juniors and two sophomores.

Leon says that the sophomores were used mainly for experience and will not be in the starting lineup when conference play is resumed. The game here with Grant on Jan. 11, and the game the night following at Warren are expected to be tough ones.

"The tournament was quite beneficial since the season is still young although we have 11 games behind us," said Leon.

So far the Sequoits have won 7 and lost 4 games.

Lake Forest Beats Grant

Lake Forest's 64-61 victory over Grant, and her 72-67 victory over North Chicago were the highlights of the tournament and real upsets. Responsible for these was Tommy Wells, a 5-foot 7-in. forward, whose ability to hit the basket and get rebounds was phenomenal.

Wells, a varsity player for Lake Forest last year, has been out of play because of injuries received in an automobile accident. He returned to play in the North Chicago game and in that and the final game he was the deciding factor. Wells fouled out late in the fourth quarter of the final game with McHenry, but his teammates carried on.

The tournament scores were as follows:
Grant 81, Warren 63; McHenry (continued on page 5)

Elliot's to Open New Restaurant on Rt. 173 Known as Chuck Wagon

Under the name of Elliott's Chuck Wagon Mrs. May Elliott Carson and son, Russell Elliott will open a new restaurant Saturday in their brick building on the south side of Rt. 173 a half mile west of Rt. 59. Until Oct. 24 they operated another restaurant under the name of Elliott's Grill at the Rtes. 173-59 intersection.

Secretly, the two owners admit that it will be the fine cooking of Mrs. Carson's mother, Mrs. Ann Witt that will draw those desiring good food to their new establishment. They operated the grill successfully for 6½ years but say the new building with more space for the tables and counter will be more attractive.

Carrying out the theme of the new name of the restaurant, the Elliotts will have a chuck wagon engraved above the fireplace.

Besides the good food, there will be favors to attract the public to the opening Saturday.

Bids Sought on New Building for L. Villa Post Office Quarters

The United States Postal Department is seeking bids on 1,500 square feet of floor space to be used as post office quarters at Lake Villa. The present building is too small for the expanding postal business due to the subdivisions surrounding Lake Villa.

Interested persons owning property in the business district or adjacent thereto are asked to contact T. H. Barkow, New Post Office, Rm. 6; 6 Canal and Van Buren sts., Chicago for details.

February 18 is the deadline for offering of bids.

1956 Year of Drouth But Rainfall at Right Time Saved All Crops

Antioch had a total of 24.49 inches of precipitation during 1956 which was far short of the average.

The amount was even less than last year when 27.81 inches of moisture fell either in rain or snow.

There was one thing opportune about 1956 weather, however, and that was the rains came just at the right time.

The rainfall for April was 4.73 which was just right for spring crops. Then in July when the heat usually takes up what little moisture there is, the heavens let down 5.06 inches and in August 4.42 inches, which took care of the pastures. The rain came down slowly and did not at any time damage the crops ready to be harvested.

Other months saw lesser amounts as follows: January .29; February 1.35; March 1.44; May 2.25; June 2.23; Sept. .26; October .23; and December .74.

The lack of much snowfall during the past month made traveling fairly easy. The total snowfall for the month was 5½ inches which meant a small amount of highway maintenance.

The coldest for December, according to Cooperative Observer Roy Kufalk was zero on Dec. 13, and the warmest 60 on the fifth.

So far this month the coldest was 1 above zero on Jan. 2.

High School Board To Hear Reports and Study Revised Budget

A progress report on the plan for a school survey will be made by Principal A. L. Dittman at a meeting of the Board of Education next Wednesday evening.

The report follows a conference with Dr. Jack Childress, education expert, on the plan. The agenda calls for a report on the development of the 22-acre site east of the Soo Line tracks as a place for girl's and boys' recreation grounds.

The work on the boys' shower room drainage by Laursen and Blackman has been completed.

Arrangements have been completed for visiting teachers to instruct the home care of Una Mae Stoval, high school student, who is recovering from injuries received in an accident last July 4.

The Teacher Welfare Committee has held one meeting in discussion of the 1957-58 diary program and a report will be made on it. The committee has scheduled another meeting for Jan. 16.

The Board at this time will study the school budget for 1956-57 with the thought of revising it for the rest of the year.

John Wesley Covenant To Be Used Sunday at First Methodist Church

The John Wesley Covenant service including communion will be used for both the 9:30 and 11 a.m. services Sunday at the Antioch Methodist church.

The service will afford a period of thanks for the mercies of the past year and a renewal of covenant for the year to come, the Rev. Howard Benson explained.

The pastor will lead group discussions on membership in the church as follows: Adults, 7:15 p.m. Jan. 10; high school, 7 p.m. Jan. 9; and seventh and eighth grade confirmation classes at 3 p.m. Saturday.

The Women's Society of Christian Service will meet at 1 p.m. Wed. A panel of high school students will discuss "What Youth Expects of the Community, Home and Church." Other students will present a musical program.

The Evening Circle will meet Thursday, Jan. 10 at the home of Mrs. Howard Benson, 586 Parkway to discuss the motion picture "The Sound Of a Stone."

Grass Lake Ballots Printed

Ballots have been printed for the Grass Lake Grade School election on Jan. 12. There are two proposals, one, to build an addition to the present building and another to issue \$76,000 to pay for it. The bonds are for a term of 10 years and are to bear interest not to exceed 4½ per cent.

Carney Again to Hospital

For the second time in a week Leo Carney of State Line rd. Kenosha County, was taken to Kenosha, Wis. Monday evening after having been given oxygen for heart attack.

Change Meeting Date

The Antioch Grade School Band Parents Assn. will hold its monthly meeting at 8 p.m. Tuesday Jan. 15 in the school cafeteria. The meeting previously was scheduled for Jan. 9.

Salem Township Calls Meeting on Police Need

Salem, Wis.—A townwide meeting will be held at 8 p.m. January 17 at Salem Central High school to set up police protection.

One proposal would create a Salem Township police chief who would set up a deputy system and the other would ask the county sheriff to increase its squad car patrols in the area.

The petition originated at Pad-dock Lake where petty thievery, teen-age noise making and reckless driving occurred.

Telephone Co. Buys Property at Hillside, Lake for Plant Site

Date for Change to Dial System Not Decided Company Says

Illinois Bell Telephone Company has purchased, through a nominee, property at the northeast corner of Hillside and Lake streets in Antioch.

Manager I. R. Andrews said that the property will become the eventual site of a telephone building here. The land was purchased from Mr. and Mrs. William Dow and Mrs. Lillian G. Ackerman, and negotiated through Loren D. Sexauer, Antioch realtor.

"We can't tell just when the building can be started and the change to dial take place," Andrews said, "but is good business to buy when the opportunity arises—a building site which is centrally located near the hub of Antioch's telephone cable network."

The property has a frontage of approximately 226 feet on Lake street, and 238 feet on Hillside.

The Dows will continue to live in their present house as renters from the telephone company.

A. A. Vose Announces Dist. P. M. A. to Meet At Wauconda Feb. 6

Avery A. Vose, Edwards rd., director of the Pure Milk Association for District 7, announced yesterday that the annual district meeting will be held February 6 at the Federated Church hall in Wauconda.

Lake County Local has taken no action, but McHenry Local has passed a resolution which will be presented to the meeting calling for major changes in the price structure of the Chicago area.

Chairman Albert Pearson, who will represent the McHenry County group, will seek a change in the present rate so that the inner zone is increased from 70 to 100 miles and the rate differential be increased from 2 cents each 15 miles to a much higher rate.

Pearson maintains that the Chicago milk shed in which McHenry and Lake counties are situated has the lowest price for milk of any district in the country. He said the present zoning differential was established 20 years ago and since has been outmoded by changes in transportation methods.

Burglars Discard T.V. After Looting Home

Bristol, Wis.—Burglars who broke into the Busse home on Rt. 1, Wilmet road east of Rt. 45 found they couldn't get the T. V. set into their automobile and left it in the driveway.

Missing, however, are two men's wrist watches, an electric razor, a typewriter, and a pocket watch.

The burglary took place on New Year's eve.

Antioch Now Owns Ackerman Property as a Public Parking Lot

Papers were signed today giving Antioch possession of the Mrs. Charles N. Ackerman property on Broadway which was purchased for \$35,000.00 for use as a public parking lot.

Property which also has an outlet on Orchard Street has been used as a public parking lot for several months under an option agreement.

Mayor James McMillen said no change in the property will be made at present, except to remove a few trees to enlarge the space for parking but in four or five years the space will be blacktopped.

The lot will be made available to organizations for use as carnival grounds.

Arthur Laursen, underwent surgery at the Burlington hospital Wed. His condition is improving.

School Referendum Set for February 2; Bond Issue \$394,000

Nine Rooms of New Building at Oakland Site to Be Done in 1957

Antioch's Grade School District will vote on its \$394,000 bond referendum Saturday, Feb. 2.

This is the earliest date on which voting can legally take place, and was chosen in hope that the voters will approve the proposal by the Board of Education and that construction of the new 17-room building at Deep Lake and Loon Lake rds. can be completed in part for occupancy next September.

Voting will be from noon to 7 p.m. at the school building.

Plans call for completion of nine rooms under contracts at this time, and completion of the remaining eight rooms as they are needed, and under general revenues which would make no new bond issue necessary.

Use of new classrooms next fall would relieve the school system of the use at present of the Scout House for Kindergarten classes, Oakland one-room school which is at the site of the proposed new building, and the ancient building at Main and Depot sts.

Preliminary sketches of the building are being made by Architect Gilbert A. Johnson of Rockford.

The building under consideration would have general classrooms for each grade; an all-purpose room which could be used as a cafeteria and for athletics, but not as a gymnasium; offices, health, and teacher rooms.

Antioch Area Benefits From Milk Price War; Price Lowest in Years

Antioch has been able to buy milk at the lowest price in years as the result of a price war.

The war started more than two weeks ago when the Willowdale Dairy reduced the retail price at its vending machines from 35 cents to 30 cents, the half gallon.

A short time later, Max Lerner, Waukegan, dropped the price at his vending machine at the Shell Service station from 35 cents to 25 cents.

Three days later, the Atlantic and Pacific Tea Co., surrounded by vending machines, dropped the price of Bowman milk, which it handles, to 25 cents a half gallon.

A. W. Shostak, manager of the Willowdale Co., plant, said that his company reduced the price of milk because of the fact that the hauling charge in Antioch is negligible, and the advantage is passed on to the customer. He said that the cost, however, is 28½ cents a gallon and that any firm selling for 25 cents a half gallon is losing money.

Elsewhere throughout Lake county milk is priced at from 35 cents to 50 cents the half gallon.

In the meantime, Antioch area citizens are benefiting by the low price.

No reduction has been made on cream and chocolate mixtures.

Bulletin
The Dean Milk Co. dropped the price on half gallons of milk to 20 cents.

Dean milk is handled by the Antioch Packing House, I-G-A, and others in Antioch.

Chicago Taxicab Driver Wants Antioch License

The request of Nick Baldane of Warriner Subdivision for a taxi-cab license, sent the village trustees to the records to ascertain whether one could be issued or not. They found that any number could be issued. Only one cab is now licensed.

The village attorney, E. C. Jacobs will study the law, and Baldane will be given an answer at the new meeting.

Jacobs believes the ordinance should be amended to make posted prices mandatory.

Baldane has been a taxicab driver in Chicago for 6½ years, but now he lives in Antioch and he wants to work nearer home.

Truck Rolls into New Car

Contractor John M. Blackman thought someone had stolen his truck which was parked in front of the Carey Electric shop on Main st. until he looked north and discovered that it had rolled down hill and crashed into the rear of a new 1957 Oldsmobile of the Drijie Chevrolet Sales Co. Damage wasn't too great Blackman said he left the truck in gear and how it got free is a mystery.

THE THIRD SCOURGE

Nowadays, when we think of agriculture, we often think of the surplus problem—of the fact that production of various basic crops continues to outrun consumption.

Yet, in the long view, the surplus problem will prove transitory and unimportant. For the problem of the future—a world-wide problem—will be to provide enough food and fiber for the human race.

Dr. Arnold Toynbee, who is widely regarded as the world's foremost living historian, recently broadcast on the "Voice of America" radio program. He expressed the belief that modern weapons of total annihilation have made another all-out world war unthinkable. He pointed out that modern hygiene and science are swiftly lowering the death rate. As a consequence, world population soars. He asked this question: "Is mankind going to rid itself of two of its three traditional scourges—war and pestilence—only to be done to death by the third scourge, famine?"

Dr. Toynbee believes that the ultimate solution must be to strictly limit the birth rate. Leaving that—with all the social, economic and religious difficulties it brings up—aside this historian's statements make certain points clear. Over the years, the agriculture of the world, America's included, will have to become even more productive.

We have the means—in modern farm machinery, and the other aids to good farming and soil conservation. The tractor is the symbol of the agricultural revolution of this century. It will be the symbol of the fight against human want in coming times, just as the American family farm is the symbol of individual independence and property security under the law.

SMART INVESTMENT

Erroneous but long-established ideas die hard.

Such an idea holds that the railroads were given enormous government subsidies in the early days in the form of land grants.

A letter-writer to the Portland Oregonian recently said this. He has now been answered by another letter-writer, L. S. Davis, Jr.

Mr. Davis points out that land grants were involved in only eight per cent of the present railroad mileage of the country—and that "92 per cent of the present railway mileage was built on land bought and paid for by private capital."

He then describes a typical land grant, made to a railroad in Illinois. The grant amounted to 2,595,133 acres valued at \$1.25 an acre, though the land was not selling at that price. During a period of almost 100 years thereafter the government received about \$25 million from the railroad in the form of reduced rates for hauling government shipments. That was the price, in other words, that was paid for land officially valued at some \$3,248,000. The law ordering such rate concessions by land-grant railroads was only recently repealed.

Mr. Davis writes in his letter: "This example clearly shows that in the end the government certainly did not give the railroads anything for free. It was a very smart business investment on the part of the U. S. government."

ECONOMIC HIGHLIGHTS

Back in 1945, George Kennan, then a little-known Foreign Service officer, forecast that Russia would not be able to maintain its hold on the Eastern and Central European satellite nations. Few paid much attention to him then. But in the subsequent years Mr. Kennan became a recognized authority on Russia, our Ambassador to the Soviet Union, and is now a Professor of the Institute for Advanced Study at Princeton. Writing in the Saturday

Evening Post of November 24, Mr. Kennan forecasts that "The Soviet will never recover" from the late upheavals in Poland, Hungary, and elsewhere.

The Kennan article takes the form of a tape-recorded interview with Joseph Alsop. He begins by pointing out that Russian statesmen long before the Soviet era tried to dominate the people of Eastern Europe and always ran into trouble. One reason for that is these people have had higher standards of living than the Russians and have been further advanced in constitutional liberties and personal freedom. But there is, in Mr. Kennan's view, a second and more profound reason: "... the Soviet communist system is deeply wrong—wrong about human nature, wrong about how the world really works, wrong about the importance of moral forces, wrong in its whole outlook."

He believes that a breakdown would have occurred even if a full Stalinist system of dictatorship had been maintained after Stalin's death. He doubts if there will or can be a return to Stalinist repression throughout Central Europe and within Russia herself. As Mr. Kennan puts it, "... the physical problem has become almost insoluble. ... The satellite armies and police have been shown to be unreliable. ... So what are the Soviets to do—place a tank in every street in every satellite country?"

Mr. Kennan certainly does not rule out the possibility that the Russians may take extreme measures in an attempt to perpetuate their rule—as they did in Hungary. But he clearly feels that this will not alter the ultimate result. To quote him again, "I think regardless of the way the dust finally settles ... this whole sequence of events really spells the end of what one might still call the Third International. ... In fact, I would hazard the guess that Moscow's position of ascendancy is already at an end."

Finally, Mr. Kennan sums up his thoughts in two significant sentences: "Until the Soviet Union changes very drastically, we must face and make the necessary effort to deal with the harsh military and political realities of the Soviet Union as it exists today. But we Americans must also learn to base our calculations and hope on the long-term realities of human nature and political behavior, not on the short term ones. Confidence in these realities and the courage and patience to let them do their work are the things we need."

Grassroots Opinion

DOVER DELA., STATE NEWS: "... there are a lot of people who have no faith in the U. N. They are honestly fearful—and advocate the United States drop out. Ostrich-like they think that by not facing the facts of this changing world that this nation could exist alone."

WADESBORO, N. C., MESSENGER AND INTELLIGENCER: "Postmasters ... we have noticed mentioned in the newspapers, have become fretted by the number of ball-point pens stolen from post office lobbies since the government furnished that kind of writing instrument ... As we recall it, the pens cost our dear Uncle Sam about 14 cents apiece. That is rather picayunish for a fellow to risk, maybe, paying a \$500 fine and also being jailed for a year just to get something to scribble with."

CLARKSDALE, MISS., PRESS REGISTER: "President Eisenhower has said at least twice in his news conferences that he could see no reason why information on the travels of senators and congressmen at government expense should not be made public. ... This is the first break in the wall of secrecy that surrounds such expenditures in many government departments and agencies, not to mention Congress itself."

PENSACOLA, FLA., STANDARD: "The freedom of the individual to explore the thinking and conclusions of the human race, and to weigh them in the scales of new intelligence, is the spark-plug of human progress."

MARSHFIELD, MD., MAIL: "Hundreds of thousands of working people find that they MUST join and pay dues to a union if they are to work at the jobs they want. In no other area of American life today is a basic freedom so obviously and cynically violated. In almost every other instance, freedom of choice is not only permitted but it is zealously guarded. Why is it not for working people?"

BOONE, IOWA, NEWS-REPUBLICAN: "In Nuremberg, Germany, they have made a sausage 2,000 feet long and filled with the meat of three bulls, five calves and five pigs. Even in this country in an election year that would be a lot of baloney."

Mr. and Mrs. Walter Frank spent Christmas with Mr. and Mrs. George Graber.

Mr. and Mrs. Louis Robers, Burlington, Mr. and Mrs. James Beecher and family, Kansasville, Mr. and Mrs. John Gibbs, Janesville, were supper guests of Mr. and Mrs. Norman Robers, Christmas.

Virginia May, Madison, spent Thursday evening with Carol and Linda Oetting.

Fifty relatives and friends surprised Lyle Techert Saturday evening at the home of Mr. and Mrs. Norman Robers.

Mr. and Mrs. George Poremski, Melodie Jo and Penni, Wheeling,

Ill., spent Sunday with Mr. and Mrs. Frank Zarnstorff, Sr.

Mr. and Mrs. Ervin Rasch and family and R. J. Austin spent New Year's day with Mr. and Mrs. Elmer Rasch.

Mr. and Mrs. George Higgins left Thursday for Orlando, Fla., for the winter. Mr. and Mrs. Richard Jones are taking over their apartment.

Mr. and Mrs. Herman Frank and Mrs. Nick Fassel were Saturday supper guests of Miss Madeline Friedhoff, Kenosha.

The Wilmot Volunteer Fire Department held its monthly meeting Monday evening at the fire house. Election of officers was held with Melvin Lake elected president; Andrew Klsner, chief, John Schnurr, secretary, and William Wertz, treasurer.

Hilleg Dix Forster, daughter of Mr. and Mrs. Raymond Forster, was baptized Sunday morning by the Rev. R. P. Otto at Peace Lutheran church. Sponsors were Mr. Fred Nyburg and Mrs. Alvin Rodeck.

Mr. and Mrs. Keith Hegeman and sons, Reseda, Calif., spent a few weeks with his parents, Mr. and Mrs. Leland Hegeman.

The Bid and Chatter club met Thursday at the home of Mrs. Floyd Gyger, Sr. Mrs. Herman Frank and Mrs. Dan Fleming received prizes.

Mr. and Mrs. Charles Clark and Janice Van Patten spent Christmas at the Schubert-Albrecht home.

Mr. and Mrs. Homer Clark spent Saturday at the Schubert-Albrecht home.

Mr. and Mrs. James Carey, Mr. and Mrs. Joseph Basing and fam-

ily, Mr. and Mrs. David Wiseman and family, Twin Lakes, Mrs. Anna Bassing, Milwaukee, Mr. and Mrs. Henry Blerdz and family, Silver Lake, Mr. and Mrs. Grant Tyler and

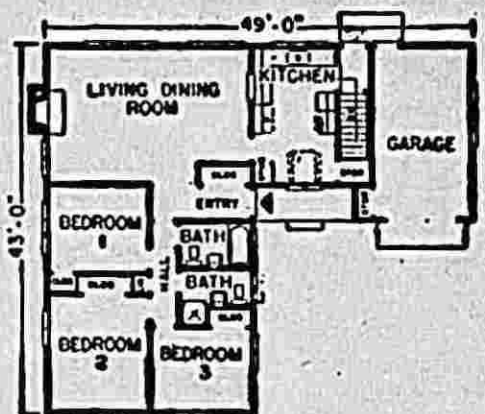

daughter, Kenosha, Mrs. Wallace Dobyns, Mr. and Mrs. Eugene Dobyns and daughter, McHenry, spent Sunday with Misses Grace and Erminie Carey.

Will Your Family Enjoy Every One Of Your
1095 MEALS THIS YEAR?

This year, with the help of millions of homemakers like yourself Jewel will be celebrating a 25th Anniversary. Yes, we'll be 25 years old in March and behind us is a record every one at Jewel is proud of. It is a record of growth and progress made possible only because Chicagoland homemakers liked the way Jewel helped them plan 1095 meals year after year.

For the first of those 1095 meals why not visit a Jewel this week and make sure your family is pleased.

Miss Sally K. Wolf Becomes Bride of Ens. David S. Deering

The marriage of Miss Sally Kathryn Wolf, daughter of Mr. and Mrs. Carl R. Wolf, Evansville, Indiana, to Ensign David Stewart Deering, son of Dr. and Mrs. D. N. Deering of Antioch, took place at 11 a. m. Saturday, Dec. 29, in St. Boniface church, Evansville, Ind. The double ring ceremony was performed by the Rev. William Bastnagle.

The bride was attired in a full length gown of white satin, with long sleeves, a high neckline and a short train. Both the dress and her fingertip veil were trimmed with lace high-lighted with seed pearls and sequins. She carried a bouquet of white camellias.

Miss Barbara Jean Wolf, cousin of the bride, was maid of honor and the Misses Kay Norwine and Margaret Lynch were the bridesmaids. Master Ronnie J. Wolf was ring bearer.

William N. Deering, brother of the bridegroom, was best man and the ushers were Ensigns Robert E. Schulze and James D. Ehret.

The bride attended Butler College, Indianapolis, Ind., for two years and is now a student at Pensacola College, Pensacola, Fla.

The bridegroom graduated from Wabash college where he is a member of Lambda Chi Alpha Fraternity. He is now stationed at the Naval Air Station in Pensacola, Fla.

After January 3, 1957, Eng. and Mrs. Deering will be at home at 107 W. Gregory, Pensacola, Fla.

Miss Frasca Recent Bride Of L. J. DiMatteo

On December 29th at 10 a. m., a nuptial mass ceremony was performed at the Church of the Immaculate Conception, Braidwood, Ill., uniting Leonard J. DiMatteo, formerly of Antioch, and Miss Jane Frasca, daughter of Mr. and Mrs. Louis Frasca, Braidwood. The Rev. John Mayer, pastor, performed the service.

Miss Rita Perona attended the bride while Jerry Maloney served the groom as best man. The bride was attired in white satin with lace mantilla. The bridesmaid wore red velvet.

After the ceremony a wedding breakfast was served at Merichka's restaurant, Joliet, Ill.

Mrs. DiMatteo is a teacher of the deaf at Joliet Twp. High school. Mr. DiMatteo is employed by the government as a technical writer at the Joliet arsenal. The newlyweds are at home at 801 Elizabeth st., Joliet.

Harold R. Davidson Completes First Training

Airman Harold R. Davidson, 22, son of Mrs. Hazel M. Davidson, Box No. 360-E, Rt. 3, Antioch, Illinois, has completed the first phase of military training at the "Gateway to the Air Force," Lackland AFB, San Antonio, Texas.

He has qualified for specialized technical training and will be assigned to 3436th Student Squadron, Lowery AFB, Colo.

While at Lackland the new enlistee undergoes the transition from civilian to airman through a program which includes processing, aptitude testing, physical conditioning, survival and weapons training, and varied classroom studies ranging from citizenship to military customs and courtesies.

Like the USAF Officer Candidate and Pre-Flight schools, also located at Lackland, basic military training prepares graduates for specialized training and on-the-job assignment.

Women of the Moose

Women of the Moose No. 735 of Antioch held their regular business meeting Dec. 20 at the Moose home. 67 members attended the meeting and enjoyed the Christmas party.

The Lodge blood bank was voted on and approved. Mrs. Mildred Gillum and Mrs. Blanch Horton were placed in charge of this project.

Those wishing to participate in this program may call Gillum. Candidates were voted on.

Many of our co-workers helped with the children's Christmas party held Dec. 22nd. Sr. Regents Harriet Greve and chairman have been well pleased with the attendance at the meetings, and the cooperation of the Co-workers. Mrs. Greve asks all co-workers to attend ritual practice.

Social Service Committee Chairman Shirley Schiesser served refreshments. The next meeting will be Jan. 3, begin the New Year right.

A regular meeting of the Womens Society of Christian Service of the Methodist Church will be held Wed. Jan. 9th at one P.M. at Wesley Hall Mrs. Charles Watson Will lead the Devotions. A program Youth Panel given by the High School Students "What Youth expects of their Community, Home and Church." Mrs. William Frey and her committee will serve a dessert luncheon. All are welcome.

Mrs. David Stewart Deering

F. S. Ruhl to Speak On Inheritance Laws Before Woman's Club

"Who Inherits the Family Estate" is the subject for the Antioch Woman's Club program when the organization meets at 1:30 p.m. Monday in the Scout House.

Franklin S. Ruhl, assistant trust officer of the LaSalle National Bank in Chicago, will come to present an illustrated 30 minute discussion dealing with the passing of property at death, the items of property that pass into a decedent's probate estate and the manner in which the estate is distributed.

The effects of estate and inheritance taxes, the duties and responsibilities of executors and administrators, and the advantages of having a Will will be touched on briefly during the talk. If time permits, a question and answer period will be held.

Ruhl is a graduate of Loyola Law School, a member of the Illinois Bar and has been with the LaSalle National Bank for about five years. He was previously with the Commerce Clearing House as an associate editor of its "Trust and Estate Law Reporter."

Mrs. Harry Lubeno is in charge of the refreshment committee and will be assisted by Mesdames Alma Bobzein, Everett Springer, Joseph Annhorst, Richard Whitaker, George Anzinger, Lester Osmond and William Cooper.

Attend James-Bradford Wedding in Hyde Park

Mr. and Mrs. John L. Horan, Mr. and Mrs. Lester Osmond and Mrs. Ida Osmond attended the wedding of Miss Winifred James, daughter of Mr. and Mrs. Ralph C. James, Chicago, formerly of Antioch, and George Bradford. The wedding took place at the United Church of Hyde Park at noon Saturday and was followed by a reception at the South Shore Country Club. Mr. Bradford will be associated with the Marsh and McLennan Co., insurance brokers, in Chicago with which Mr. James is likewise associated. The bride is a granddaughter of the late Mr. and Mrs. Joseph James of Antioch.

ALTAR AND ROSARY SOCIETY TO INSTALL OFFICERS AT JANUARY 7TH MEETING

St. Peter's Altar and Rosary Society will hold a meeting January 7, at 8 p. m. in St. Peter's school hall. Installation of officers will be held. Following the business meeting games will be played and refreshments served by members of the Sewing and Sacristy committee, including Mesdames Roger Gilday, Edward Jacobs, M. Kulp, Willis Filiatreault, Rudy Eckert and Ed Cranley.

Betrothal Announced
Mr. and Mrs. William F. Greene of Lake Villa announce the engagement of their daughter, Marilyn to Victor Simonson, also of Lake Villa.

Lake Villa Man Gets Silver Pilot Wings

Second Lt. Elwood Charles Kuske of Lake Villa, (Lake County) Ill., was awarded his silver pilot wings Dec. 4, in graduation ceremonies for Class 57-E at Goodfellow AFB, San Angelo, Texas.

The son of Mr. and Mrs. E. J. Kuske, Rte. 1, Lake Villa, Ill., he received his commission through the ROTC program.

Lt. Kuske attended Carl Schurz High School and Coe College, where he majored in Science.

The lieutenant completed primary pilot training at Stallings Air Base, Kinross, N. C., prior to coming to Goodfellow for his basic multi-engine pilot training.

He is married to the former Joan Willins, daughter of Mrs. Y. G. Willins, 106 S. Scoville Ave., Oak Park, Illinois.

ANNUAL MEETING OF O. E. S. & MASONS

The annual meeting of the members of Antioch Chapter Order of Eastern Star and members of Sequoia Lodge will be held at the Masonic hall Monday evening Jan. 7, at 7:30. All members of the organizations are urged to attend.

F. A. SWENSON FAMILY HONORED GUESTS AT PARTY

Mr. and Mrs. F. A. Swenson and family were honored guests at a housewarming party given at their new home on Deep Lake Road by the Swenson relatives. The Swensons received many lovely gifts from the group.

Mr. and Mrs. Robert Kufalk and children of Rockford came to Antioch Saturday and attended the wedding of Miss Ruth Kufalk and Charles Guthrie that evening. They return to Rockford Tuesday.

The evening Circle of the Women's Society of Christian Service, plan to hold a regular meeting January 10th at 8 p.m. at the home of Mrs. Howard Benson, 586 Parkway. Speaker to be announced.

The first automatic self-propelled hay baler for average-size farms, announced recently by New Holland Machine company, bales up to nine tons of hay an hour.

Illinois Veterans Urged To Fill Annual Income Questionnaire Promptly

Springfield, Ill.—The Illinois Veterans' Commission today reminded veterans and widows of deceased veterans that they will soon receive an "Annual Income Questionnaire." If they have been receiving a pension from the Government, William A. Manning, Administrator, urged recipients to return the questionnaire immediately to the Veterans Administration. Failure to return the income questionnaire within 30 days will result in discontinuance of pension payments.

Pension benefits are granted widows, who meet all qualifications, and whose income is less than \$1400 without dependents or \$2700 with dependents. Pensions are also payable to veterans under the above limitations, who are suffering from non-service connected disabilities; the disabilities must be permanent and must be total.

Mr. Manning stated that pension rates for a veteran is \$68.15 monthly which increases to \$78.75 a month upon attaining age 65. Attainment of age 65 is not an automatic qualification for payment of pension. The pension rate for a widow is \$50.40 monthly with additional allowance for minor children.

Additional information and assistance in the completion of the annual income questionnaire may be obtained at any of the Illinois Veterans' Commission offices throughout the state.

In Lake county veterans should contact the Illinois Veterans' Commission Service Officer at 221 Washington st. in Waukegan.

The office is open daily between the hours of 8:30 a. m. and 5:00 p. m. and on Saturday until noon.

No Tax Cut for 1957, Government Cost High

Consumers might as well face up to it; there'll be no tax cuts coming in 1957.

Business managed Republican government may want to give a tax cut to individuals, but because the cost of the government doing business is increasing, no tax cuts will be forthcoming.

The only way the Government can operate is from taxpayers' money. The more the government spends, the more tax money it needs.

In the coming months, what with the foreign situation in a state of flux and heat, the government will spend more for aid to other countries than in past years.

Since the end of World War II and up to the president, the U. S. has either given or loaned foreign countries more than 56 billions. By July, 1957, this figure will rise to about 61 billions.

In addition, monies for additional arms as for the Army, Navy, Marines and Air Force will be increased. Military preparedness is a must in the coming year.

Add to this the fact that the United States is bearing and will continue to bear the major costs of operations of the United Nations. Moreover, the U. S. Government is underwriting the major expenses of

the UN military police force occupying strategic areas in and around the Suez Canal.

Reports from Washington to date indicate that the U. S. Treasury may be tapped for funds to help Col. Gammal Nasser, assuring that he takes a more realistic attitude in the coming months.

Wealthy and prosperous, the United States for a number of years has been the major source of foreign aid and military arms needs. All of this means that the Government will need additional funds to run itself.

So, 1957 will see no individual tax cuts or corporation tax cuts.

The best advice is to sit tight and adopt a wait and see attitude. If things ease up, tax cuts may become a reality.

State Capital News

Plans for the 1957 Illinois highway construction program, greatest in the state's history and calling for expenditure of \$220,000,000, have been outlined by Governor William G. Stratton. A 108-page report listing type, location and cost of the principal road projects was released last week by the governor.

The \$220,000,000 projected expenditure includes \$143,000,000 for construction and right of way costs on the interstate system of highways and \$77,000,000 for work on other primary roads.

One hundred sixty million dollars of the \$220,000,000 in the 1957 program is to come from the federal government as allotments to Illinois

Weekly Summary Chicago Food Market, Dec. 31-Jan. 5

Chicago—Area markets settled down for the long pull of the new year, following successive holidays that result in spotty and conflicting price movements this week—wholesale increases for many basic fresh foods that remain steady at retail, against anticipated decreases for key frozen juices and vegetables.

The University of Illinois consumer service weekly survey of metropolitan wholesale-retail activity shows this general market picture for the week ending Jan. 5:

Beef advances at wholesale, remains steady in retail cut to consumers, blade cut pot roast emerging as the value buy. Pork remains steady at wholesale, but major buyers indicate backlogs of pork loins at price concessions expected to be passed along in many stores, making loins another value attraction.

Short shipments and weather delays are forcing up prices of such staples as potatoes, tangerines, grapefruit, lettuce and peppers. Prices move lower for Florida tomatoes, cucumbers, green beans and spinach, making these value considerations.

Eggs hold steady at last week's price levels on heavy seasonal supplies. Poultry meats, however, are higher in most stores following the holiday value run.

Vegetable fats and oils are edging up again but only margarine reflects increases at retail as yet. Tomato juice is the most popular canned food showing price declines this early in the year.

Reports indicate stores are maintaining shorter inventories of key frozen vegetables and juices in anticipation of lower prices, against a background of higher-than-average storage stocks reported last week.

Items showing up or down price changes for the week include:

Beef—Blade cut pot roasts hold at last week's 35-39c range. Round bone is high, at 49c and Boston cuts higher at 53c, these being the lowest quotes noted. Only a few stores quote last week's 59c for standing rib roasts, must jumping the price to 69c. Sirloins are steady at 85-87c, porterhouse at 98c, round steaks are a continuing value at 69c, and Swiss steaks quote 59c. Corned briskets are seldom less than 59c.

Pork—A spot value situation, with some quotes 4c below last week. Rib roasts range 35-43c and meatier loin roasts 45-51c. Rib end chops are mostly 42c, center cuts cheap at 75c. Fresh Boston roasts quote a consensus 43c, and spare ribs are lowest at 29c. Whole smoked hams continue at last week's 53-59c, although canned hams are higher, ranging 65-69c at retail. Top brand bacon quotes higher at 63c. Smoked Bostons are still a top value at 65c since there is no waste or bone. Picnics or Cala hams quote most often at 37c.

Lamb and veal—Both move up in price, but lamb the least, showing a prevailing 59c consensus for leg roasts.

Poultry—Mostly higher although turkey persists in some stores at 49c. Frying chickens take the largest advance, to 39c for whole birds. Eggs continue as a top value, 45c for Grade A large mixed, while medium sizes range 37-43c.

General—Margarine is seldom under 3c unless on special promotion, as vegetable fats and oils continue wholesale-price advances. Indications are that inventory reductions are getting under way for frozen vegetables and juices, with prices ranging widely by brand, quality and outlet, specific prices difficult to peg. Values are to be had in frozen orange concentrate, strawberries, whole kernel cut corn, peas, squash and yams. Tomato juice takes on new value appeal at 25c for a 46 oz. can. Sliced peaches, pineapple, corn, tomato soup and sauerkraut continue as common canned food values.

Produce—Price trend upward on smaller apple crop, with better values found in east and midwest McIntosh and Delicious varieties. Florida juice oranges hold at 39c a dozen, but the Temple variety holds high at 69c per dozen for medium size. Tangerines are seldom less than 39c a dozen, grapefruit 3 for 29c. Bananas are increasing in volume as grapes pass their peak.

Florida green beans drop sharply to 29c per pound, cauliflower is mostly 29c and broccoli ranges widely 19-35c. Lettuce continues high, ranging by size 19-25c despite increased California supplies. Wholesale tomato quotes are much lower, and prices drop in some stores for Florida-grown to 23c for a 14-oz. tube. Most are higher, California tomatoes quoting 39c lb. Potatoes are generally higher, Idaho bakers 10 lbs. for 69c, western Russets, 10 lbs. 59c, although Dakota Reds are a low 10 lbs for 39c, interval quality questionable. Vegetable values for the week are round onions and spinach.

The per capita consumption of beef this year will break all previous records, according to the latest estimates of farm management specialists. The per capita consumption figure for 1955 was 81 pounds, but for 1956 is estimated to reach 83 pounds.

Farmers with sudan grass experience say grazing can start when the sudan is 18 inches tall. Graze it down to six to 10 inches and then remove the animals to permit the sudan to recover to 19 inches before grazing again, they advise.

Increasing Enrollment Crowds U. of I., Seeks Larger Appropriation

Did you ever take a look at 1,000 typical college students assembled in one room? There'll be every race and creed, perhaps every kind, size, and shape of the human body.

Moreover, you'll realize that to feed, clothe, and house these 1,000 students is a major problem. If you're the head of the average American family of five, just multiply your present job by 200 and you get the idea. It's quite a task to educate them, too.

The 1,000 students would represent more than, often twice or three times, the enrollment at each of 449 institutions of higher education in the United States. They would represent slightly less than the enrollment at each of 132 colleges next in size, those with enrollments of 1,000 to 1,500.

Were you to add 1,000 to the stu-

dent body of any of these 581 institutions, an impossible situation would be created. Where would they be housed? Where would they be fed? How would classrooms, laboratories, and faculty be provided for their education?

Yet, at major universities like the University of Illinois, this has been happening with regularity since World War II, when return of veterans to the nation's campuses taxed existing facilities to the utmost. Now, under what we term more "normal" conditions, the avalanche continues.

Since 1953 in actual enrollment figures, the University of Illinois has accommodated 4,402 new students, an average of 1,100 per year. The Bureau of Institutional Research predicts this will continue for the next 15 years.

Yet, because of sheer size, the University is expected to take in stride the absorption of these thousands. This cannot be done.

The University must have more

adequate facilities; it must build and maintain an ever increasing and at the same time, distinguished faculty to maintain its position as a leader; it must provide reasonably comfortable housing; it must be sure that your sons and daughters have access to good food, that they are happy, healthy and contented at work and at play.

The issue soon must be met. Are citizens of Illinois willing to meet inevitable increases in the amounts of money needed to provide higher education for the youth which they are sending to the University?

For the 1957-58 biennium, University of Illinois is asking \$3,018,000 from the Legislature to provide for new enrollments. This money must be directed entirely to education of additional thousands who'll be added to a student body at the University, currently fifth largest

in the world, in 1957-58 and 1958-59. Is their education worth it? The answer is in another question. What in the world can be more important than training the generation which will take over Tomorrow?

Top Click of the New Car Season

WANT TO GET your New Year off to a rollicking start?

Want to take the wheel of the car that's winning raves from Coast to Coast and back again?

Then take the wheel of a 1957 Buick and try the sparkling-new performance team in all autodom.

We mean the team with the highest-powered V8 engine ever to ginger a Buick—and an advanced new Variable Pitch Dynaflo.*

Here, with just a judicious touch of foot to treadle, you get response so obediently instant, so liquid smooth, and so full range in "Drive"—that you've never in your life felt anything like it.

SAFETY REMINDER
In fast-moving traffic on turnpikes, parkways and freeways, keep a good distance from the car in front—and a little more for good measure. That way you, and every driver behind you, get a bigger margin of safety for braking action.
PASS IT ALONG

It's sports-car going in a full-sized traveler that's sheer delight from start to finish.

Know what else?

Folks like the way this new kind of performance comes dressed in sleek and glamorous styling that's fresher than tomorrow's news.

They like the new roominess inside these low-sweep Buicks and the new luxury of their "nested" ride.

They like the new ease of handling, the new steadiness of cornering, the way stops are always on the level no matter how quickly you use the brakes.

Fact is, folks like everything about the newest Buick yet—the car that's fast becoming the biggest hit of the new car year—and you will, too. Come on in and try it this week. We'll have the red carpet out for you.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Revenue Service Begins 1957 Tax Filing Period

It's time once again to file your Federal income tax return. Every citizen, or resident of the United States, whether an adult or minor, who had \$600 or more gross income in 1956 is required to file. If over 65, the income base for filing rises to \$1200. April 15 is again the deadline.

Two American composers have written songs about the Federal income tax, but to the average taxpayer news about the annual obligation is anything but music to his ears.

Still, according to District Director H. Alan Long of the Chicago office of the Internal Revenue Service, it's a situation where some 2,700,000 residents of the 26 northern counties of Illinois must now face the music, and pay up to the tune of \$700,000,000.

Nothing much in the essential elements of the tax set up has changed, Mr. Long declares. Forms 1040 and 1040A have been brightened and tightened, instructions systematized and clarified, but the tax percentage brackets are still the same as for the last two years.

Self-employed individuals whose net earnings were \$400 or more must file. Persons whose income was less than \$600 must file quickly to obtain refunds.

The form and instruction booklet read together should enable most taxpayers to prepare their own returns without too much difficulty, Mr. Long said.

However, the Internal Revenue Service will offer taxpayer assistance at the local field offices from January 14 through April 15, 1957. The "Self-help" plan will again be stressed.

Taxpayers will be asked to complete as much of their return as possible before seeking help from the Revenue Service. It is felt that a majority of taxpayers can complete a full return without any aid other than that provided by the form and instructions.

The "self-help" plan provides for help to taxpayers assembled in groups of six to eight with an Internal Revenue Agent instructor to explain how each line of the form is to be filled in.

The instructors, however, will provide individual assistance to those who are physically handicapped, the illiterate and the non-English speaking taxpayers with simple income tax problems.

In addition to the "self-help" group plan, telephone service will be available at the District Office and local field offices.

The Chicago District is comprised of the twenty-six northern counties of Illinois. In Chicago, assistance may be obtained in Room 1, United States Court House, Dearborn and Adams streets, and at the eight branch offices maintained at strategic points in the local communities. Due to limitation of space, no service will be available for preparation of tax returns at the District Office, 22 W. Madison st., Chicago. In the area outside of Chicago, there are 22 branch offices where taxpayers may go for advice and information.

The office nearest Antioch is at 325 Washington st., Waukegan.

Tax Facts

Taxpayers in Illinois would be better off standing on the corner watching all the girls go by than thinking that Federal aid is a bargain. The evil of Federal aid for Illinois, whether it be for sewage disposal plants or roads, lies in the fact that taxpayers of the state always must pay more in Federal taxes than they get back in Federal aid.

However, thirty-three states got a "bargain" in 1955, because they received in Federal Grants-in-Aid more than their estimated tax burden. The best example was Mississippi, which paid 35 cents for every dollar of aid it received. Arkansas paid only 37 cents, New Mexico and Oklahoma 39 cents, Alabama 43 cents, Louisiana 45 cents, Idaho 46 cents, Georgia 51 cents, Colorado 58 cents, Kentucky 62 cents, Arizona 63 cents, Maine 71 cents, and Kansas 76 cents. It all sounds like a gift from the blue, but actually it came from states in the red—fifteen to be exact.

The Tax Foundation, which recently compiled the Grants-in-Aid and tax burden figures, pointed out that during 1955, the tax burden borne by the citizens in fifteen states exceeded the amounts received as their share of the grants. Heading the list was New Jersey.

Editors of Daily Illini Approve New Entrance Requirements at U. of I.

The following editorial is reproduced from The Daily Illini of Dec. 20. The student editors present some sound thinking in regard to the University's recent changes in admission policy.

"Shooing Flunkers"

Contrary to the headlines of one Chicago daily, the University of Illinois does not plan to "shoo flunkers away" with the changes in admission policy approved Tuesday by the Board of Trustees.

In picking up some aspects of the stricter entrance requirements passed by the board, sensation-seekers have lost sight of the program's real objectives and effect of its practical application.

At first glance it might appear that the University suddenly and arbitrarily is cracking down on students not meeting certain academic requirements. This is not true.

The change gives the poor student the advantages of testing and counseling. It is more of a service to let a student know his real chances for survival at the University before entering, than to let him go along haphazardly, wasting his own and others' time. The average and better-than-average student also will benefit from such a policy. An education geared to the capacity of those who are not college material seriously handicaps others in realizing their full intellectual potential.

Practically speaking, the change is not a sudden one. As provost Henning Larsen has said, it makes "a matter of formality what we have been doing on a voluntary basis for years." Such tests and counseling as required in the program have been carried on for some time.

In effect, the trustees' decision "puts teeth" into traditional practice. The services of this University, especially in the face of skyrocketing enrollment, must be put to the best possible use. They cannot be expended unwisely and without purpose.

The University, for its part, is directing its efforts toward helpful and realistic counseling of new students. It is doing more than its share in making the policy change fair to all concerned.

Campus Jobs for 6,000 at U. of I.

More than 6,000 students now at the University of Illinois are working their way, according to Gerald W. Peck, director of student employment. In the past year placements through his office, including duplications, totaled 6,598. To this must be added students who found jobs on their own and who returned to jobs from the preceding year.

Most efficient student job, Peck reports, is that which provides meals in exchange for labor. Approximately half the students who are employed work under this arrangement, with tasks varying from dish washing to waiting tables, janitor work to cooking.

"It's estimated that the minimum of necessary expenses for a student now is \$1,000 a year," Peck relates, "and by working for meals, that cost can be cut just about in half."

Hourly rates for student workers range from 75 cents to \$1.35 which are "comparable to or higher than those in similarly-located schools throughout the nation," Peck said, "and the job situation was never better. Right now we have jobs which we can't fill, a condition that looks as if it will continue."

Milk and dairy products comprise 17 per cent of the foods purchased by the average American. where it cost \$2.36 in taxes for each dollar of Federal aid received. Not far behind was Connecticut, which paid \$2.13. Illinois paid \$1.76, and Indiana, \$1.71.

No matter how you look at it Federal aid is a bargain in 33 states, but in fifteen states "it just costs too much."

To remove every bit of cold paint or varnish from flat areas, coat surfaces generously with paint remover and cover them immediately with sheets of waxed paper, suggests Successful Farming magazine for January. This prevents the remover from drying until all the paint is loosened and ready to remove with a scraper.

The American people who have had more meat for each year for 5 years will get less in 1957, predicts the January issue of Successful Farming magazine.

The supply, which climbed from 136 pounds per person in 1951 to 164 pounds last year, is expected to drop to around 157 pounds this year.

Sign in a chicken coop on a farm in southern Wisconsin: "Warning! Anyone found prowling around this chicken coop during the night will be found there in the morning." Successful Farming magazine, Jan., 1957.

Production of beef cattle in the United States has increased and improved every year since cattle numbers took an upward turn in 1949.

5. R. Atwood	171
6. M. Padjen	170

Driving too fast, drunken motorists, violations of traffic laws, risky maneuvers and bad weather are listed by the state Division of Traffic Safety as causing most of the 43 crashes that killed 56 persons on Illinois highways during Christmas week end.

Nineteen fatal accidents took place in municipalities. Of these, 11 were towns and four downstate. Eleven in Chicago, four in Cook county fatal crashes were on state routes, seven on county blacktop or secondary roads and five on U.S. routes.

Clean, bright shining milk cans not only look better but are necessary to proper protection of milk in transportation, dairy experts say.

HAPPY NEW YEAR

and blessings

from

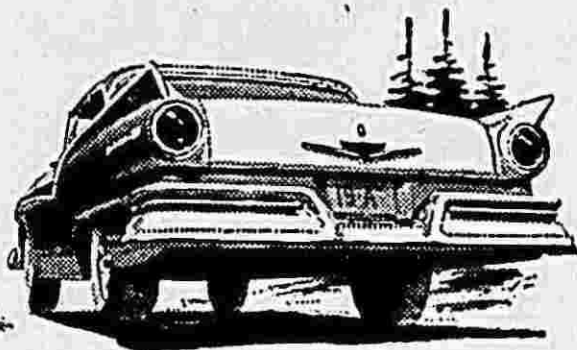

GUS MANTIS

Antioch Recreation Snack Bar

Fleet

with Thunderbird GO

There's new power for the new kind of Ford in the great new Silver Anniversary V-8's... with new, wider horsepower ranges to meet your needs. Or choose the new Mileage Maker Six—the world's most modern.

Low

long and husky, it hugs the highway

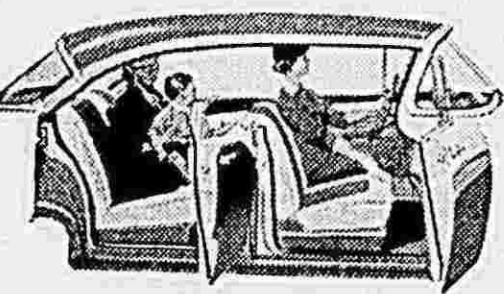

Fairlane 500 (shown) and Fairlane models are over 17 beautiful feet long. Custom and Custom 300 models, over 16 feet. Every one of the 20 brilliant new Fords is longer, lower, roomier than ever before.

Lovely

... with beauty that's more than "skin-deep"

The new kind of beauty in the '57 Ford is only the lovely "complexion" over the tough and precisely co-ordinated muscles of the stronger "Inner Ford"... that rides so silent... so solid... so secure!
